Bids and Awards Committee

PROCUREMENT OF BIOMETRICS FOR THE IMPLEMENTATION OF PUBLIC ATTORNEY'S OFFICE (PAO) HUMAN RESOURCE MANAGEMENT INFORMATION SYSTEM(HRMIS)PROJECT,

(Through Public Bidding Pursuant to 2016 Revised Implementing Rules and Regulations of Republic Act No. 9184)

Query No. 1 by Internet of Things Philippines Incorporated (IOT)

"Would it be okay if we propose other type of biometric authentication instead of finger scanning, we propose palm verification?"

Multiple verification modes were provided in the Terms of reference (TOR) and revisions are not warranted.

Query No.2 by IOT

"Since you have mentioned during the pre-bid that the total employees will not exceed to 5,000 or 10,000, as indicated in the Technical Specifications, will you consider at least 5,000 users for the RFID cards?"

It was already settled in the Pre-bid conference that the RFID cards scanning capacity of 10,000 or more will be adjusted to 5,000 or more.

"What specific Card reader format/Type should we consider?"

LF RFID Card or higher

"What is the Existing Card of PAO?"

None

Query No.3 by IOT

"Would it still be acceptable if you would consider reducing the minimum required specification to at least 256M RAM / 4G ROM, but still able to provide high quality performance, accuracy and much better with less than 0.2 second reading speed?"

The minimum requirement of the PAO is 512 RAM / 8G ROM or higher. The reduction to the minimum requirement is not warranted.

Query No.4 by IOT

"Is WIFI ready an option for connectivity of the Biometric device?"

Yes

"Who will install power cable and network LAN cable to the Biometric for the 400 Branches or Sites of PAO?"

PAO Personnel

"Where will the 400 Biometric Devices send the biometric Time In and Time out to the Time attendance software? Through Local Network? Thru internet? Thru USB download?"

All of the modes provided above

“Is this developed by PAO software programmers or developed by 3rd party contractor? If 3rd party contractor, may we know the vendor?”

Third party by the Department of Information and Communication Technology

“Who will provide integration to the HRIS?”

The supplier

“Could it be possible to share with us the sample logs”

Yes

“Could it be possible to provide us the Process flow of your system?”

We will consult to the third party

“Will the deployment of the devices in PAO branches nationwide in decentralized or centralized set-up?”

centralized set-up

Query No.5 by IOT

“Is ADMS function is a must”

Yes

“Will you consider cloud ready software?”

No

“What are the work codes necessary?”

EmpID,Logdate,Logtime,InOutstatus,Lname,Fname,Mname

“Will you consider at least 8-digit User ID instead of 10-digit?”

No

“Does PAO requires real time logs on the devices or not”

Yes

Query No.6 by IOT

“Please confirm that the Backup Battery OPTIONAL or is Back up battery must be supplied together?”

Optional

Query No.7 by IOT

“Would you consider a full delivery at a maximum of 60 days delivery lead time?”

Please see the Revised TOR for your reference.

“Is it calendar days or working days?”

Please see the Revised TOR for your reference.

“Is project pure supply and delivery of 400 pcs of Biometric device to PAO office in Metro Manila”

All items are to be delivered in PAO-Central Office

“What will be our scope of work during installation from Manila Office (QC)?”

Installation, configuration and training

Query No.8 by IOT

“Do you have your own format that needs to be follow for Single Largest Completed Contract and SAOCP”

SLCC No specific format required as long as the required information is complete and in accordance with the IRR of RA 9184

Query No.9 & 10 by IOT

#9 &# 10– Certified true copies, as certified either by the bidder or the respective government office of the Class “A” legal documents (Mayor’s Permit, etc.), will be submitted with the bid. Originals will be presented during post-qualification by the lowest bidder for verification of the legal documents
